

Grade: _____

Rubric: Science Lab Safety Shield Rubric

Students must design a safety shield that carefully follows the specifications in the rubric.

| Safety Shield | | | | |
|-----------------------------------|---|---|---|--|
| | Excellent 10 pts | Good 8 pts | Fair 6 pts | Poor 4 pts |
| 1. Shape | Excellent Shape effectively communicates the concept of protection and security. | Good Shape is somewhat effective. | Fair Some effort was made to communicate safety with shape. | Poor No effort was made to communicate safety with the shape of the poster. |
| 2. Neatness & symmetry | Excellent Shield symbol was neatly and symmetrically cut from oak tag, and divided into pieces for each group member. | Good Shield symbol was either not neatly cut or asymmetrical ly cut from oak tag, and divided into pieces for each group member. | Fair There are obvious problems with cutting and equality of the size of group member pieces. | Poor No effort was made to follow directions for "excellent" category. |
| 3. Clarity | Excellent The rule or safety symbol is clearly and accurately illustrated and is easy to read and understand. Writing is quite legible. Poster is well done and visually attractive. | Good The rule or safety symbol is not quite clear or complete or inappropriately illustrated. Writing is mostly legible but may be too fancy to read. Poster is otherwise well done/presented. | Fair The rule or safety symbol is inaccurate or not accurately illustrated/shown. OR Writing may be illegible. Poster may be hard to read and understand. | Poor The rule or safety symbol may be inaccurate/incomplete/not accurately shown/be hard to read/not present well. |
| 4. Presentation | Excellent Poster is exceptionally presented w/ color & design, layout and neatness. Writing is typed or clearly handwritten and can be read from at least 3 ft/1m away. | Good Poster is well presented using color, design, and layout. Handwriting may be confusing or hard to read and/or must be read closer than 3 ft/1m. | Fair Poster is not well designed. The overall presentation appears sloppy or hastily done. May not have colored pictures &/or handwriting is illegible. Poster must be read closer than 3ft/m. | Poor The poster is distractingly messy or very poorly designed. The poor presentation takes away from the message of the poster. Poster must read close up. |
| 5. Creativity | Excellent Poster is interesting, engaging, and visually stimulating. Images or layout show original ideas and novel twists on established ideas; target audience is surprised, interested and pleased. | Good Images or layouts use a common pattern with adaptations, which get intended audience interested. | Fair Images or layout reproduce common patterns, and give viewer/reader what he/she is accustomed to. | Poor Images or layout copied from others or standard or so sketchy that intent can't be determined. |
| 6. Graphics Relevance | Excellent All graphics are related to the topic and make it easier to understand. All borrowed graphics have a source citation. | Good All graphics are related to the topic and most make it easier to understand. Some borrowed graphics have a source citation. | Fair All graphics relate to the topic. One or two borrowed graphics have a source citation. Graphics are inaccurate or do not relate to topic. | Poor Graphics do not relate to the topic OR several borrowed graphics do not have a source citation. |

| | | | | |
|--|---|---|--|---|
| 7. Grammar | Excellent There are no grammatical/mechanical mistakes on the poster. | Good There are 1-2 grammatical/mechanical mistakes on the poster. | Fair There are 3-4 grammatical/mechanical mistakes on the poster. | Poor There are more than 4 grammatical/mechanical mistakes on the poster. |
| 8. Identification on the border | Excellent Poster is well identified with name, date, and class on the top right hand side of poster. This information is found on the border of the poster (2 - 3 cm) | Good Poster is identified with name, date, and class, but not in the designated place. This information is found on the border of the poster (2 - 3 cm) | Fair Poster is missing 2 or more identification elements OR information is missing on the front. This information is found on the border of the poster - however it is not a uniform size. | Poor There is not identifying information. |
| 9. Punctuality - individual | Excellent Individual members portion is submitted on time. | Good individual member portion is turned in at the end of the day it is due. | Fair Individual work is turned in one day late. | Poor Individual work is more than one day late. |
| 10. Group - final shield | Excellent Group final project is finished on time | Good Group final project is finished at the end of the school day on which it is due | Fair Group final project is finished one day late. | Poor Group final project is finished more than one day late. |
