3. What were the most positive parts of the movie – those you learned the most from or found most interesting? You must select at least one item to write about.

4. What was most surprising to you?

5. Evaluate the way the film was made and the special effects used in this movie. Technologically speaking – was it well done? Were interesting camera shots made? Did the director incorporate animations?

6. What single fact or image will you remember from this film?
